SUBJECT: Underground Storage Tank (UST) Closure - Piedmont Sheet Metal, 801 North  
Broad Street, Winston-Salem, Forsyth County, Incident Number Unassigned

Dear Mr. Cook:

On February 10, 1993, March 29, 1996, and May 7, 1996, we received the soil sample results and closure assessment from the underground storage tank closure at the subject location. As the implementing agency for the Federal Underground Storage Tank Program for the State of North Carolina, we have determined after careful review of your assessment that the UST system has been closed in accordance with NCAC Title 15A Subchapter 2N Sections .0802 and .0803. However, this does not absolve you of any responsibility for contamination that may not have been detected or noted during the site assessment.

If you have any questions, please feel free to contact Thomas Moore at the letterhead address and/or telephone number.

Sincerely,

Sherri V. Knight  
Groundwater Supervisor
